

A QUALITY
WINDSOR
BATH

We are Australia's leading vendor of walk-in baths, designed for people having difficulty using traditional bathing methods.

The Windsor 'CARE' bath is now Australia's biggest selling walk-in bath, due to the combination of the high quality inherent in being assembled in Australia from the best components, combined with being the lowest cost, Australian Standards Compliant, walk-in bath available in Australia

ABOUT WINDSOR BATHS

- They are a high quality, cost effective model for retail sale. They are of such a high quality, that Harvey Norman Bathroom and Tile shops sell them throughout NSW & the ACT. The high quality fittings and plumbing are sourced in Australia to ensure long & reliable service.
- Unlike other models in Australia, it is a freestanding unit, covered on all 4 sides. This enables easy installation and removal, plus a wider choice of locations to place the bath.
- Fast fill taps, custom made in Australia by RAM Tapware, Australias' leading manufacturer of high quality taps. Quarter turn, ceramic disc naturally.
- Head and seat cushions for your comfort
- No leak doors
- Built-in overflow protection
- Solid construction; stainless steel frame on marine grade fibreglass body; heavy duty steel, adjustable support legs.
- Supplied with all tap ware & drainage
- 104 cm H X 71 cm W x 121 cm L
