

For those requiring easy access AND a larger bath

The Windsor 'Independent' Bath

The Windsor 'Independent' bath is the model for those with higher levels of mobility issues who wish to remain independent. This slide-in bathtub is perfect for those needing wheelchair access or those looking ahead to future needs.

This model is all about easy entry access; the user opens the outward opening door, sits down and slides their legs in. This bath is the same size as a standard bath and offers the easiest access and most spacious interior.

Dimensions (L/W/H):

60" x 31" x 40" (152cm x 79cm x 101.6cm)

Colors: White

Product Features:

- FITS THROUGH AN AUSTRALIAN STANDARD DOOR SIZE
- For people who prefer to slide transfer onto the seat, rather than having to step into the tub.

- Replaces and fits into the space of a standard existing bathtub
- Height of seat is 21" for easy accessibility
- Right or left door models – outward opening door
- Easy opening, non leak, door with locking handle
- Door is 37.5" wide (allow 40" for full door swing)
- Quick Draining System
- All Australian sourced, Australian Standards Compliant, plumbing including custom made super fast-fill taps from RAM taps and fast draining Hepflex drainage.
- Stainless steel frame
- Made of marine-grade gel-coat fibreglass
- Moulded seat and back with head and seat cushions

Optional:

- Hydrotherapy air-spa system from CG Air in Canada. This is not a standard pool spa, but a specialist hydrotherapy system from one of the worlds leading suppliers. Purpose designed to alleviate pain symptoms from rheumatism, arthritis and other similar painful conditions.
System purges itself between uses to help prevent cross infection.

Subject to variation prior to release. E & O E
